The Trustees (at the request of the Company) agreed that the accrual rate for Eduardo Lavelle's CARE Pension should be uplifted to 50ths of his Pensionable Earnings for all Pensionable Service from 6 April 2006 onwards. It was also agreed that the percentage rate for the associated spouse's pension should be increased to 50.00% for this period of Pensionable Service.

For the purpose of any comparisons, the uplift in the accrual rate and the spouse's pension percentage from 6 April 2006 should apply to both the CARE Pension and the Underpin Pension calculations.

When being provided with the tax-free cash sum option, Eduardo Lavelle has specified that he would like to take $\pounds 150,000.00$ as a cash sum, subject to this amount being within the maximum permitted under the rules of the RST Pension Scheme.

Eduardo Lavelle's current available Lifetime Allowance is 100.00%.
