

# The Pensions Management Institute (PMI)

## Press Pack

### Who are we?

- The Pensions Management Institute (PMI) is the UK's leading professional body for those working in pensions and retirement savings.
- With over 8,500 members, the PMI represents the broadest range of pensions professionals and trustees in the country.
- Its members are responsible for managing and advising some of the world's largest pension schemes, making key decisions on substantial financial matters.
- With more than £1 trillion invested in UK pensions, PMI members play a vital role in shaping the nation's financial future.
- With almost five decades of experience, PMI remains at the forefront of pensions education and thought leadership.

### Our media principles

- We will always strive to respond to media enquiries in line with stated deadlines.
- We will always provide concise, relevant, accurate and balanced comments.
- We will never share any information considered sensitive, confidential or which may be seen as a conflict of interest.
- We will interact with media in a respectful, impartial, and ethical way.
- We will uphold journalistic standards.
