Details on transitional arrangements can be found here: <https://www.pensions-pmi.org.uk/qualifications-and-learning/advanced-diploma-in-retirement-provision/previous-syllabus/>

SYLLABUSES

Each unit syllabus is presented in a form which is intended to give an indication of the depth and breadth of knowledge which is required. Each syllabus is divided into sections with an initial statement, or learning outcome, indicating what is expected of candidates and some notes in italics which give an indication of the way in which the initial statement should be interpreted. The initial statement and notes use key words in heavy type to indicate the depth and/or breadth of knowledge which is required. The key words should be interpreted as follows:

analyse – interpret and examine in detail
define – make clear the exact meaning
demonstrate - explain or prove by reasoning/example
describe - give a detailed account of
distinguish - mark the difference between
evaluate – determine the value
explain - make clear or intelligible; illustrate the meaning of
identify - demonstrate what something is
outline - brief general explanation; summary without detail
understand - comprehend; have a thorough knowledge of

The examinations in 2018 will be based on the 2018 syllabuses and the law as it existed at 6 April 2017. An awareness of any significant changes after 6 April will be to a candidate's advantage.

RECOMMENDED STUDY TIME

In making an estimate we have referenced the approach used by Ofqual (a UK qualifications regulator). This is also known as Total Qualification Time (TQT) or Guided Learning Hours and is comprised of:

- a. Guided Learning Hours (GLH). This means time spent being taught by an instructor (and not necessarily face to face); and
- b. Study Time. This means self study/revision/reading

In order to be consistent with Ofqual requirements and to provide an estimation of study time we have calculated the following:

As GLH, as defined above, is not common we have estimated a total of 0 hours for this component. For study time we have estimated 580-620 hours. Therefore TQT = 620 hours for this qualification.

The above estimates are based on evidence we have gathered from users of our qualifications, past experience and benchmarking exercises. The evidence we have gathered indicates that there is considerable variation within the overall TQT estimates as blended approaches are common with differing mixes of Guided Learning and other elements which contribute to TQT. These estimates are reviewed regularly.

REGULATION

This qualification is NOT regulated by Ofqual.
