

PMI – CPC Exam Timetable 2027

This timetable sets out the 2027 examination schedule for CPC units. Please review each entry carefully, including the exam date, time, unit name, format and duration.

Qualification

- Certificate in Pensions Calculations

Notes for Learners

- **Exam format:** CPC exams are calculation-based and require written responses.
- **Actual start times may differ slightly from the timetable because learners access exams through the TestReach portal in staggered entry slots. For example, if an exam is scheduled for 9:30 am–11:30 am, some learners may start at 9:15 am and others at 9:45 am. All learners will still receive the full exam duration.**

Certificate In Pensions Calculations -January 2027
