PMI Level 3 Certificate in Pensions Administration

Qualification Specification

PMI Level 3 Certificate in Pensions Administration

QUALIFICATION AIM

Suitable for pension scheme administrators working in either defined benefit (DB) or defined contribution (DC) schemes, or both. Designed to allow organisations and their pensions administrators to select and construct a competence based qualification that reflects their normal working activities.

PREREQUISITES

There are no formal prerequisites for this qualification; either qualifications or knowledge and experience.

Some candidates will have undertaken the PMI Certificate in Pension Calculations.

However, we would anticipate most candidates would be working in the field.

TRAILBLAZER APPRENTICESHIP

This qualification can be undertaken as part of the workplace pensions trailblazer apprenticeship. Full details can be found on the PMI website.

QUALIFICATION STRUCTURE AND COMPLETION CRITERIA

This qualification comprises fourteen units.

Work-based Units

- Unit 1: Applying Overriding Regulatory Requirements (Mandatory)
- Unit 2: Monitor Ongoing Entitlement to Pension Scheme Benefits
- Unit 3: Payment of Pension Scheme Benefits
- Unit 4: Create and Update Pension Scheme Records for New and Existing Members
- Unit 5: Process Applications for Pension Scheme Transfers Out
- Unit 6: Process Pension Scheme Retirement Benefits
- Unit 7: Process and Validate Pension Scheme Data for Periodic Events
- Unit 8: Process Applications for Pension Scheme Early Leavers
- Unit 9: Process Pension Scheme Death Benefits
- Unit 10: Process Pension Scheme Transfers In

Examined Units

- Unit 11: Calculate and Quote DB & DC Pension Scheme Death Benefits for Members without Special Circumstances
- Unit 12: Calculate and Quote DB & DC Pension Scheme Leavers Benefits for Members without Special Circumstances
- Unit 13: Calculate and Quote DB & DC Pension Scheme Retirement Benefits for Members without Special Circumstances
- Unit 14: Calculate and Quote DB & DC Pension Scheme Transfers In and Transfers Out for Members.

Eight out of the fourteen units must be achieved in order to complete the qualification. Unit 1 is mandatory.

QUALIFICATION DELIVERY

This qualification is delivered via PMI approved centres and Examination Partners. Approved centres and Examination Partners must comply with the relevant Regulations and Guidance Notes. These can be found on the website.

ASSESSMENT

Units 1 to 10 are assessed through work-based assessment where evidence is drawn from the day to day activities carried out by the candidate. Units 11 to 14 are assessed through open book case study examinations externally assessed. The case studies are based on three fictitious pension schemes – two defined benefit schemes and one defined contribution scheme. For the examined units Past Papers and Examiners' reports can also be found on the website.

Further details on assessment can be found in the Test Specification.

RECOMMENDED STUDY TIME

This is also known as Total Qualification Time (TQT) or Guided Learning Hours. TQT is a measure required by Ofqual the qualifications regulator and is comprised of:

- a. Guided Learning Hours (GLH). This means time spent being taught by an instructor (and not necessarily face to face); and
- b. Study Time. This means self study/revision/reading

In order to comply with Ofqual requirements and to provide an estimation of study time we have calculated the following:

As GLH, as defined above, is not common we have estimated a total of 5 hours for this component. For study time we have estimated 25 hours per unit. Therefore TQT = 240 hours for this qualification.

The above estimates are based on evidence we have gathered from users of our qualifications, past experience and benchmarking exercises. The evidence we have gathered indicates that there is considerable variation within the overall TQT estimates as blended approaches are common with differing mixes of Guided Learning and other elements which contribute to TQT. These estimates are reviewed regularly.

The qualification is normally achieved within three years of registration

QUALIFICATION LEVEL

This qualification has been benchmarked at Level 3 in the national framework.

FEES

Fees for this qualification can be found on this page; <http://www.pensions-pmi.org.uk/qualifications-and-learning/certificate-in-pensions-administration/certificate-in-pensions-administration-fees-and-forms/> and here in the Qualification fees document : [pmi-qualifications.pdf \(pensions-pmi.org.uk\)](http://www.pensions-pmi.org.uk/pmi-qualifications.pdf)

LINKS WITH OTHER QUALIFICATIONS AND PROGRESSION

Those who complete this qualification could proceed to complete additional PMI administration focussed qualifications such as the Certificate in Pensions Calculations, Diploma in Pensions Administration or Certificate in Pension Scheme Member Guidance. Alternatively they could pursue the PMI Diploma and Advanced Diploma in Retirement Provision.

The exact choice will depend on individual circumstances and career path.

MEMBERSHIP ENTITLEMENT

Candidates undertaking the qualification will be automatically enrolled as VQ Student Members on registration for the duration of their study

Candidates completing the qualification successfully will be eligible to seek election as Diploma Members of the PMI with the designatory initials CertPMI.

CONSTITUENT UNITS

For each of the work-based units the learning outcomes are followed by some more detailed performance criteria.

The syllabus of each of the examined units is presented in a form which is intended to give an indication of the depth and breadth of knowledge which is required. Each syllabus is divided into sections with an initial statement, or learning outcome, indicating what is expected of candidates and some additional notes which give an indication of the way in which the initial statement should be interpreted.
