

Member Benefit Events and Rules for Defined Contribution Pension Schemes

The Main Aim of this Unit is:

To provide an overview to occupational pension scheme administrators of how a Defined Contribution scheme works in respect of a member who either leaves their company's service (or opts out of being a member of the pension scheme), retires from the company's service, dies whilst still a member of the company pension scheme or transfers their pension benefits out to another pension arrangement. It covers the monthly investment cycle of contributions that are paid into an occupational pension scheme for a Defined Contribution scheme.

It also details Her Majesty's Revenue and Customs rules that must be considered and govern these member events are calculated.

The learner will need to know and understand:

How A Defined Contribution (DC) scheme works, how to become a member and the information a new member would expect to receive.
